

Boom Beach Sand Troopers – Notes

- increase participation
- improve morale
- boost active players
- recognize loyal players
- add healthy internal competition
- reduce risk of a high-level player new to task force

Details

Rank in task force based primarily on Tier (Leader, Co-Leader, Officer, and Member). There is a set number of Co-Leaders and Officers (currently 7 Co-Leaders and 9 Officers)

An initial formula to calculate task force (TF) points favoring active players and taking into account player loyalty (grandfathers).

Add the following together (drop the remainders from any division, just keep the integer).

- Last Weeks Intel collected / 10
- Last Weeks Attacks done
- Grand Total Intel collected / 100
- Grand Total Attacks done / 10

example: BaD dReAmS

9 = Last Weeks Intel collected / 10

6 = Last Weeks Attacks done

80 = Grand Total Intel collected / 100

40 = Grand Total Attacks done / 10

135 = TF Points

Following the initial ranking, start weekly week-long challenge duels (4 each week). TF points will continue to appear, but Co-Leader and Officer rankings will be based on challenges.

The highest 2 Officer challenge the 2 lowest Co-Leaders while the top 2 Members challenge the 2 lowest Officer. Based on the accompanying chart that would mean.

Leader can step down and promote a co-leader, but this position is not eligible for challenge.

Dreamcrusher challenges **dlolso21**

TengoKGB challenges **The Terminator**

68mj challenges **tw**

sweet p challenges **ALS Town**

The challenge duel winner is determined based on formula similar to initial ranking.
attacks in the week + (intel collected / 10)

- If the challenger wins, they get promoted and the defender gets demoted
- If the defender wins (or there is a tie) both players keep their rank

Co-leader and Officer positions are challenge-able if challenger meets the minimum number of total attacks and total intel required for promotion. Suggestion initially setting this as Co-Leader 100 attacks and 1500 Intel while Officer 50 attacks and 500 Intel.

Rankings will be adjusted the week after the challenge duel is complete. Everyone involved in a challenge duel will get a week off and not be eligible for the next week's challenge duels.

Participation must be acknowledged in TF chat. Players may decline to participate the next eligible player will be selected; declining will lower the players TF ranking for challengers and Rank Tier for defenders.
